

EKO MES Receives the “Golden Martenitsa” Award for Quality Bulgarian Products

In March 2026, EKO MES SLTD. was awarded the annual “Golden Martenitsa” Prize by the association “Produced in Bulgaria”. The distinction is granted to companies that consistently offer traditional Bulgarian products with proven quality and maintain high production standards.

Alongside this recognition, the company continues to expand its “HOME MADE” product range with **HOME MADE RAW-DRIED PORK FAT, LUKANKA-STYLE**, inspired by traditional Bulgarian recipes. The product combines selected pork meat and high-quality pork fat, seasoned with classic spices including black pepper, red paprika and savory. Produced using a raw-drying process, it is characterized by a dense texture and distinctive traditional flavor.

In 2025, the product was awarded a Gold Medal at Inter Expo Center – Sofia, recognizing its quality and authentic character. For more details and our PLMA participation, contact vdimitrova@ecom.es.eu or call +359 877 760 181
