

Create Your Own Spring Roll by Hekos

Hekos is proud to introduce its newest product concept: Create Your Own Spring Roll. With this new release, Hekos takes flexibility and customization to the next level.

For years, Hekos has been producing its own high-quality spring rolls, offering a wide range of beautifully filled products developed at our own production site in the Netherlands . At the same time, we give you now the freedom to create your own spring roll by choosing the filling that suits your taste.

Whether you prefer one of our carefully developed recipes or a custom filling, Hekos makes it possible. Our concept allows you to adapt the product to your market, your country, or the specific wishes of your customers. With Hekos, you get flexibility, quality, and a spring roll that perfectly fits your needs.

Release date: spring 2026
